SUPPLEMENTAL INFORMATION DISCLOSURE STATEMENT

Under 37 CFR 1.97

This Supplemental Information Disclosure Statement is filed more than three months after the filing date of the patent application, but it is filed before an Office Action on the merits and is filed within three months after the receipt of a search report from a foreign Patent Office, so it is timely filed without payment of a fee. 37 CFR §1.97(b)(3) and (c)(1).

The filing of this Information Disclosure Statement shall not be construed as a representation that a search has been made (37 CFR §1.56(g)), an admission that the information cited is, or is considered to be, material to patentability or that no other material information exists.

The filing of this Information Disclosure Statement shall not be construed as an admission against interest in any manner. Notice of January 9, 1992, 1135 O.G. 13, at 25.

This Information Disclosure Statement is made to comply with the duty of candor imposed on all individuals associated with the filing or prosecution of this application, as defined by 37 CFR §1.56(c).

Four (4) U.S. patents and three (3) foreign patent documents are listed on the attached one (1) sheet of Form PTO/SB/08A which is made a part hereof. A copy of each is enclosed. Also enclosed, but not listed on the Form PTO/SB/08A, is a copy of the search report from the European Patent Office, dated 8 May 2002, in case EP 02 09 0050, which is based upon the same priority application (DE 101 07 586.3) as the present case. There are no overlapping references with the German search report, which was reported in the Information disclosure Statement filed with the filing papers.

All references are in English except Reference BC, which is in German. There is no published English language equivalent of Reference BC, although there is a co-pending US equivalent application, Ser. No. 09/628,415.

The foregoing Information Disclosure Statement is based upon the information known to the inventor or contained in the undersigned attorney's file as of the filing date of this statement and is inclusive of the best information known to each of the undersigned at that date. Prompt consideration of the Information Disclosure Statement and the references by the Examiner is earnestly requested.

Respectfully submitted,

Stephen L. Grant
